

## **INTERNATIONAL SUMMER CAMP 2021**

**26.07.-30.07.2021 // ONLINE**

About 30 to 40 aspiring musicians from all over the world as well as Popakademie students and students from our partner institutions, e.g. Sweden, Ireland, Scotland, Namibia, Senegal, France or the USA are expected to attend the 13th *International Summer Camp*.

This hands-on summer course offers international musicians of different genres an opportunity to participate in songwriting, producing and instrumental workshops guided by professional coaches. Besides, the course programme includes a songwriting & music production camp where participants work together in a very professional but warm atmosphere to turn their creative ideas into songs. By the end of the week, all participants present their work to a greater audience at the joint listening session on 30 July.
